

## KEYNOTE ADDRESS BY VICE PRESIDENT

**Taggart Endorsed For U. S. Senator By Democrats of Indiana**

(By Associated Press)  
Indianapolis, Ind., May 20—"Equal and exact justice to all men" as a remedy for unrest was prescribed by Vice President Marshall in his keynote address today before the State Democratic Convention. He also urged jail sentences for profiteers and increased production to relieve the high cost of living.

"I hold that the Democratic doctrine of equal and exact justice to all men and of special privileges to none will meet all the angry and irreconcilable views of today," said Mr. Marshall.

The Vice President also expressed that President Wilson and the Senate would reconcile their differences over the peace treaty and that it would be ratified; but said no man should be read out of the Democratic party because of his opinion on the League of Nations.

"This was, as I understand it," the Vice President said, "an American war. The peace should be an American peace. The war could not have been fought successfully as either a Democratic or Republican war. The peace can not bring that real peace which the American people want if it be made either as a Democratic or a Republican peace."

"I still hope that the President and the Senate will reach an accord upon such terms as will enable the treaty to be ratified and a de jure peace to be made with the government of Germany, but as I grant to no man the right to read me out of the Democratic party nor to say to me that I can not stand upon its platform, advocate the election of its candidates and vote for them, I, myself, will not say to any man that his views upon the League of Nations inevitably place him without the Democratic fold."

Mr. Marshall closed his speech with an endorsement of Thomas Taggart for United States Senator from Indiana and with a plea for Indiana democracy "not to remove the ancient landmarks, to hold fast to the faith, to be strong and to acquit themselves like men."

"Success is desirable but honor is needed," the Vice President declared. Any let up in the enforcement of national prohibition until legal change has been made in its provisions was opposed by Mr. Marshall who warned the Democratic party that "it would merit the contempt of the people if it ever stands for the flaunting of a law because certain citizens do not believe in it."

"While the prohibition amendment remains it must be suffered in accordance with its provisions," he said. "If crystallizing public sentiment does not as the days go by get back of it, the people will find a way lawfully to lessen what some deem to be its rigors."

The Vice President assailed the Republican congress for its work during the last year, declaring it has "laid its hand upon nothing and has thought of nothing save a proposal to prevent during an unprecedented scarcity of manufactured products the dumping of foreign made goods on our markets an obligation to the great God Protection that will not permit the lowering of prices less than 300 per cent stock dividends may no longer be declared and thus the working men be put upon an equality with the pauper labor of Europe."

Mr. Marshall declared the aftermath of the war in legislative halls would be heart breaking if it were not humorous and charged that the Republicans have spent to show that the victory which we won was really a defeat.

"The Republican party has not rehabilitated America," the Vice President said. "The question now is, to what party will the people commit the work of reconstruction?"

## NEARLY ALL REPUB. DELEGATES ELECTED

(By Associated Press)  
Chicago, May 20—With the Republican National Convention only 18 days away, and all but 85 of the delegates already elected, the situation facing the republican candidates is that no candidate will enter the convention with enough pledged votes to give him any decided advantage over his opponents. Forty-seven of the 53 states and territories have chosen delegations, and are sending 537 uninstructed delegates, 44 more than a majority, over those who will sit in the convention. Gen. Wood on the face of returns, will show the most strength on the first ballot, with Johnson, Lowden and Harding, following in that order. Campaign managers agree there will be no nomination on the first ballot.

## TEN ARE KILLED IN W. VA. GUN FIGHT

(By Associated Press)  
Matewan W. Va., May 20—One hundred deputy sheriffs armed with rifles, today patrolled the streets of this mining village, where ten persons were killed last night in a battle between private detectives and citizens. Deputies were rushed here by Sheriff Blankenship, and they had the situation in hand at daylight and quiet prevailed.

Thirty members of the state police force arrived during the forenoon and patrolled the streets with deputy sheriffs. There was no recurrence of disorders. The authorities today are unable to formulate a correct list of those killed but state that ten met persons met death.

The trouble, according to advices, came through the killing of a man named Albert Felts, by a miner for whom he had a warrant. Detective Ferguson who was nearby, is said to have shot the miner, whereupon the officer was shot and instantly killed. This brought on the battle, which terminated in nine additional deaths. Miners are said to be averse to a detective agency operating in that section, and all trains entering the mining districts are reported as being searched by them in an effort to keep them out.

### Germany Busy Printing Bank Notes—Will Need Them

(By Associated Press)  
Berlin, May 20—Germany's paper money now in circulation amounts to 60,000,000 marks and is increasing by 1,000,000,000 marks a week, declares August Mueller, former Minister of Economics. The printing of bank notes is the only flourishing industry in Germany today, he writes.

Germany's indebtedness, says Herr Mueller, is now about 230,000,000,000 marks. This, he adds, is, perhaps, redeemable at the present low value of the mark but never if it recovers even half its former value.

## CONCLAVE FILLS CITY OF LEXINGTON

**Richmond Commandery Furnished Own Band and Gave Brilliant Reception**

The second day of the Templar Conclave at Lexington is in full sway and hundreds from Richmond and vicinity are enjoying the festivities and many will remain over Friday for the Shrine features. The extensive program has been carried out without interruption and the attendance has been beyond that expected by the most sanguine.

The reception by Richmond Commandery Wednesday night at the Phoenix hotel was a delightful affair, the local knights and ladies in attendance proving themselves equal to the occasion being deluged with guests during the entire evening. The dance following the reception was enjoyable and participated in by many from this city and section of the state.

The Richmond Commandery surprised many by appearing in the parade headed by a band from this city. This was due to the work of J. H. Leeds, manager of the old Richmond band, who was assisted by Nelson Elder, Charles Nelson, Charles Stanifer and Edward Warford, of Richmond, five students from Berea college and Laren Case and Howard Poynter, of Maysville. The local commandery occupied a position about the middle of the procession. The program for Thursday is as follows:

**Thought Boy Was Crying "Wolf"**  
New Castle, Ky., May 20—Because his phone call for a doctor was regarded as a joke, Charles Rosenberg, 13 years old, is dead of a pistol wound. After the boy left alone in the home of his foster parents, Mr. and Mrs. Paul Gividen, had accidentally shot himself through the intestines, he telephoned a physician's house. "Something awful has happened," he told the doctor's wife.

The woman, not knowing that the boy was shot and presuming his foster parents were at home, dismissed the call as a joke. Three hours later when Mr. and Mrs. Gividen returned, they found the boy in a dying condition.

The physician rushed the boy to St. Joseph's Infirmary, Louisville. Loss of blood, however, had weakened him and he died soon after reaching the hospital.

## PATRONS BOOST SCHOOL PROJECT

Enthusiastic Reception Tendered County Board At Berea—Purse Strings Loose

The unusual experience of having a committee all ready for the purpose of raising funds, and a large number of residents of the county insisting upon giving for school purposes in a voluntary manner, was that of the members of the Madison county school board Tuesday when they, together with county superintendent Edwards, reached Berea. They were met by a committee and tendered enthusiastic reception. The college officials and the board in general complimented the county board upon the matter of establishing an eight or nine months school term. They then presented the matter of consolidating the Narrow Gap and Pilot Knob schools and stated they were willing to finance a part of the proposition and would donate grounds for the experimental farm, as well as give a portion of the fund for the establishment of necessary buildings. This insures the completion of the plans and the project, one of the first of its kind in the state to be established and operated independently and the near future will record the furthering of the plans which may undergo a change, since the generous assistance has been pledged. This came through the residents of the nearby districts. One of the members of the board, Mr. Moberly, said that the future surely looked bright, since the patrons insisted upon paying for the improvements as outlined by the board and even on a more extensive scale.

Superintendent Edwards said Wednesday that he was greatly pleased with prospects and co-operation upon the part of so many of the patrons as well as residents of the districts, where the improvements are to be made.

## DOUBLE HEADER

**BRINGS EVEN BREAK**

The Sue Bennett and Eastern Normal school teams have a game apiece to their credit, as a result of the doubleheader played Wednesday afternoon at the local school grounds and the story might have been different had the local men been able to hit Waldon, the twirler for the visitors. He "put 'em over" in such a manner that the batsmen were guessing throughout the game, however they succeeded in running up a score of 7 to 2 in the first game. The second resulted in a victory for the visitors by a score of 9 to 2.

The Eastern team will go to Barbourville Sunday where they are booked for games on Monday and Tuesday of next week. This will make 11 games for the team this year. Of the nine, they have won three, Stanford being the only opposing team they have failed to win from. After the two games at Barbourville, a number of other games will be booked for the local grounds during the latter part of the season. Rice, the Eastern school crack pitcher, will go from Hazard, and pitch the two games against Barbourville.

## TAKE VOTE ON WOMEN AS ELDERS

**Important Matter Comes Up Before the Presbyterian General Assembly**

(By Associated Press)  
Philadelphia, May 20—Admission of women to ordination as ruling elders of the Presbyterian church is a question that will be submitted to a referendum vote of the entire denomination in the United States, if the recommendation of a commission which has been studying the subject for the past year is approved by the Presbyterian General Assembly which opens its annual sessions here tonight.

A survey, taken by the Commission on the Official Relation of Women in the Church, in which the opinions of leading ministers, elders and women was obtained, led its members to these conclusions: "That the Scriptures did not forbid either women elders or women preachers; that three other denominations ordain women to the ministry but that few women avail themselves of the privilege; that four other denominations did not have women preachers and are not inclined to have them; that the evidence shown is favorable to women as elders but unfavorable to women as ministers; that of the Presbyterians canvassed, 60 per cent favored women as elders, 48 per cent favored women as ministers, while 31 1-2 per cent opposed any change in the present usage of the church."

An elder in the Presbyterian church occupies a spiritual office but does not preach. He assists the minister in his religious duties and, as a prebyter, is a member of the governing body of the church endowed with the function among others, of maintaining denominational doctrine and administering discipline. For centuries the office has been filled exclusively by men.

Last year three Presbyteries, it was said, made overtures to the General Assembly. One from the Presbytery of Columbia river asked that women be made eligible to ordination both as ministers and ruling elders. "Another from the Presbytery of Dallas, Texas, asking that a committee be appointed to investigate the whole question of enlarged opportunities for women in the church, and the Presbytery of Saginaw, Mich., urged that they be ordained as ruling elders. The Moderator thereupon appointed a commission to inquire and report composed of Rev. S. Hall Young, chairman, the Rev. Edgar W. Work, and Rush Taggart, all of New York, the Rev. William Barrett, of Bellfontaine, Ohio, and John T. Manning, of New Haven, Conn.

The commission said it found that the Methodist Protestant and the Christian churches ordained women to the ministry but few availed themselves of the privilege. Four other denominations—the Lutheran, Episcopal, Baptist, and Methodist Episcopal, it was said, "do not have women preachers nor does there seem to be any particular inclination in these churches to accord them this office."

"In practically all of these seven churches," said the report, "women are admitted to every other official position in the church except the ministry. They serve on official boards, are trustees, deaconesses, etc., and there is a growing tendency to admit them to official equality with men in the matter of council and oversight in the government and service of the church."

Those opposed to any change in the present usage in the Presbyterian church were quoted by the commission as urging that ordination of women would lower the dignity of the office, afford an excuse for men to shirk their duties, retard or defeat the union of Presbyterian churches in the United States, keep men from church and countenance and accelerate a "dangerous feminist movement."

Arguments quoted in favor of the change included statements that it would accord with the spirit of the age and with women's civil equality, that women and girls composed the majority of the membership of the church and did more work than the entire sex and that they were "entitled

## PRISONERS HAVE PLENTY OF MONEY

There are a large number in the Madison county jail who will soon be set at liberty, since most of them, convicted during the recent session of the United States court, are preparing to pay the fine assessed. This ranges from \$100 to \$260, and the sentences are chiefly for a period of 30 days, although there are a few of 60 days duration, while two are for a period of six months.

Attorneys in the city are commenting upon the fact that almost every man serving time in the county jail is doing so because they cannot avoid it—a logical conclusion, however, heretofore, the lack of money with which to pay fines has caused many to languish behind the bars for a considerable period. It develops that this will not be the case with the aggregation doing time at present, since all seem to be well supplied with money, and are putting in the required time at present, since all seemed to well supplied with money, and are putting in required time because of their inability to buy their way out. Several of the men incarcerated have several hundred dollars in their pockets and two of them asserted that they would remain in jail before they will pay the fines assessed.

Almost every one serving sentence allotted to them admit that they do not mind the fine, saying "that is easy", but when the jail sentence is tacked on they can but go to jail.

This does not indicate that the lenience shown first offenders by Judge Cochran being repeated in the future should any of them be brought before him again on similar charges, for he issued a warning before the close of the term stating that he was disposed to give most of them a chance, several pleading ignorance of the law.

## MUSIC FESTIVAL

**OPENING TONIGHT**

The opening of the May Music Festival Thursday night is being awaited with a degree of impatience by a number who have been steadily and earnestly rehearsing for the event for some time. The artists to appear on the program have begun to arrive and will be present at the appointed time. The big chorus is in readiness for its part in the affair and indications are that the festival will be all that has been hoped for.

The Piper of Hamelin, the second part of the introductory night will be an especially interesting and entertaining feature. The children from the fifth and sixth grade schools have been earnest workers in preparing and the appearance of Mr. John Hoffman promises to make the evening one of rare pleasure and success.

## WEITZEL'S APPEAL DISMISSED

The Supreme Court of the United States has dismissed the appeal of Fred W. Weitzel, of Ludlow, former receiver of the First National Bank at London, Ky., convicted and sentenced for making alleged false reports to government and embezzlement. According to this decision, the case will have to be appealed from the U. S. District court to the U. S. Court of Appeals, and this action has already been taken.

## WORLD WAR HERO NOW FIGHTS BOOZE

**Col. Dan Morgan Smith To Speak In Interest Of Anti-Saloon League Saturday Night**

Col. Dan Morgan Smith, Chicago attorney and late commander of a battalion of the 538th infantry, is making a speaking tour of Kentucky under the joint direction of the Anti-Saloon League of America and the Kentucky League.

He will speak in the first Christian church in Richmond Saturday evening at 8 o'clock.

Col. Smith, it is announced, will relate his war experiences and those of his command. The battalion of which he had charge became known as the "Battalion of Death" because of the great execution which it brought on the enemy.

But it did not itself escape casualty. When it entered the St. Mihiel drive it had strength of 1161 men. At the conclusion of that drive its strength had been cut to 327.

Before the war Col. Smith was a major on the military staff of the governor of Illinois and judge advocate of the National Guard. At America's entrance into the war he enlisted as a private soldier and attended officers' training camp. His promotions were rapid. He and his command saw some of the hottest service of the entire war.

Colonel Smith's meetings are free. Women as well as men are invited. Especial invitation is given to former soldiers, sailors and marines.

It is said by the Anti-Saloon League that Colonel Smith has spoken many times in every state in the union, and also has been heard in several countries.

**Players Report Incidents**

Dorothy Dalton and her supporting company during the filming of "Black is White," her Thomas H. Ince photoplay, which will come to the local theatres today, had some rather startling experiences that were not set down in the script of the picture. Some of the scenes of the film take place in a jungle. To secure the proper atmosphere the players journeyed to Miami, Fla. They had been on location only one day when the hurricane which swept over the South recently overtook them. At the time they were some fifteen miles from Miami, out in the country. The whole company was quickly packed into automobiles and driven at full speed to the city. "Properties" were left behind in the rush and one valuable motion picture camera was lost.

### YOUR LIBERTY BOND

The United States Government borrowed money from you to finance the war. You hold the Government's promise to pay back. This promise is called a Liberty Bond. On this Bond is stated the conditions under which the Government borrowed the money from you.

For instance: If you hold a bond of the Third Liberty Loan, it states that on April 15th and October 15th of each year until maturity, you will receive interest on the amount you paid for the Bond. Other issues bear other rates of interest and other maturity dates all of which are clearly stated on the Bond.

[Now if you keep your Bond until the date when the Government pays you on full for it, you do not need to worry if, in the meantime, the price is low one day or high the next. You and Uncle Sam are living up to your agreement with each other, and neither will lose by it.]

On the other hand, if you sell your Liberty Bond now, you will find that the man you sell it to will not give you a dollar for every dollar you paid for it. The price has been brought down because so many people are offering to sell their Bonds. If the market is flooded with tomatoes you can buy them cheap, but if everyone is clamoring for tomatoes and there are but few to be had, the price goes up. The

same is true of Liberty Bonds. Short-sighted people are dumping them on the market, and wise ones are buying them.

The best advice that can be given to the owner of a Liberty Bond is this: Hold the bond you bought during the war; it is as safe and sound as the United States Government itself.

Buy as many more at the present low rate as you can afford. If you hold them maturity, you are bound to make the difference between what they sell at now and their face value. You will also receive good interest on your investment.

Hold on to your Liberty Bonds and buy more.

The students and faculty that have taken an oath to "wear my clothes until they fall off, will discover probably that the proprieties will require some reservations to the letter of the pledge.

### Parcel Post Business Is Steadily Increasing

There is a steady increase in parcel post at the Richmond post office, and the business of Uncle Sam is increasing along other lines here, according to reports from the post office. The special increase is noticeable in the parcel post; and various reasons are assigned. One is the season of the year when heavier shipments are being made and the railway facilities being limited is another reason. The past month has recorded the heaviest deliveries yet listed in this city.

I began improving, and it cured me. I know, and my doctor knows, what Cardui did for me, for my nerves and health were about gone."

Thousands of women praise this medicine for the good it has done them, and many physicians who have used Cardui successfully with their women patients, for years, endorse this medicine. Think what it means to be in splendid health, like Mrs. Spell. Give Cardui a trial.

## FINAL CHAUTAUQUA FEATURES NOTABLE

The list of artists featuring the closing days of the Chautauqua represent another innovation in many ways there being some noted personages who will furnish entertainment and enlightenment. The program will be varied and intensely instructive.

Donald H. Gibeny, novelist and traveler, comes with a broad background of experience to lecture, on the sixth afternoon, on "The Modern Unrest." This lecture is to a great extent a study of bolshevism and what it aims to accomplish.

"Nothing but the Truth," widely known comedy success, will be presented by a New York cast on the sixth night. As a novel by Frederick Isham, "Nothing but the Truth" was read by millions and later as a play it ran more than a season on Broadway. It is the ingenious, entertaining story of a young society idler who wagers that he can tell the absolute truth for one whole day.

The children's pageant, "The Good Fairy Thrift," and a grand concert by Grobecker's Swiss Singers and Yodlers will be a feature of the seventh afternoon. Garbed in their native costumes the Yodlers sing the songs of their Swiss mountain home.

"Human Efficiency" will be the lecture topic of Ralph Parlette on the last night. "Human Efficiency" has a vital message for the man or woman who wants to succeed in the world. Ralph Parlette is the author of the well known inspirational booklets, "It's Up to You," "Go South" and "Salvation of the Sucker." Over one thousand of the greatest corporations in the world have bought these booklets by the thousands to distribute among their workers. Ralph Parlette has lectured in five thousand cities and towns in the past twenty-five years. He is known wherever the Chautauqua is known. He is the editor of the Lyceum Magazine.

The Parlette lecture will be the great finale to a great program.

STANFORD HONORS

MISS DAVISON

The Stanford Interior Journal Tuesday had the following about a greatly admired and talented Richmond girl:

As previously announced, Sunday morning was Miss Cynthia Davison's last service as director of the choir and soloist of the Christian church. The program for the morning was appropriate for the occasion. At the Sunday school period Miss Davison sang by special request, "Beautiful Isle of Somewhere." At the preaching hour she was assisted by a quartette composed of Mrs. W. A. Tribble and Messrs. Canner and Bright, which rendered impressively "Lead and Keep Me." Never has her splendid voice been effective than in the solo chosen for the morning, "Plains of Peace." The minister, Rev. Howard J. Braxton, in well chosen and appropriate sentences voiced the appreciation of the church and on behalf of its members, presented Miss Davison with a beautiful bouquet of Columbia roses. Rarely has any person so completely captivated the community as has Miss Davison, and it is to be greatly regretted that she finds it impossible to return to us next year. She will be greatly missed in every circle, for she has been unselfish and gracious with her talent whenever called upon.

## Three Types of Tires for Three Kinds of Use

YOU don't want a truck motor in a touring car; you use a different oil in the cylinders than in the transmission.

Different conditions must be met differently. That is why Lee builds three types of tires for three kinds of uses. The right type for your purpose is the one built especially for that use.

Consult us on tires. We'll survey the conditions your tires must meet and prescribe the Lee Tire that will serve you best—the Lee Tire that will give you maximum mileage and comfort.

The Lee Tire Distributor

### The Lee Cord Puncture-Proof

### The Lee Cord

2. For gruelling service in town and in the country. Lee Cord construction makes these light riding tires practically free from the usual tire troubles—blowouts, tread separation, sidewall breaking, internal friction, etc. Hand made.

### The Lee Fabric

3. A husky tire that fights mean road conditions and invariably wins. Quality-built from lining to tread, good-looking and as good as it looks; oversized, with miles of extra service.

**Common Sense Talks  
With Women**

Women should be taught by those of experience that their most precious possession is their health. Upon it depends happiness, success and attractive homes. For no home can be attractive or happy with a despondent, nervous, irritable wife and mother, suffering from the ill peculiar to her sex, such as displacements, ulceration, inflammation, irregularities and the consequent headaches, backache, and dragging down pains.

It is such women who should listen to common sense advice and when such symptoms appear try that most successful of all medicines, Lydia E. Pinkham's Vegetable Compound, which is made from roots and herbs and contains no narcotics or harmful drugs, and which for more than forty years has been restoring American women to health.

**Here is Proof.**

Cokesbury, Fla.—"I had a tumor and suffered with a severe pain in my right side. I could not sleep to fasten my clothes and was not able to do my work. I went to the doctor and he gave me medicine and told me to stay in bed for at least fifteen days and not even to lift a glass of water till I could gain strength enough to be operated on for cancer would be well without it. I remembered one of my aunts who had been in the same condition and was cured by your medicine so I took Lydia E. Pinkham's Vegetable Compound and got well completely. The tumor has disappeared and I am able to do anything I want to do. I recommend your medicine to my friends and you can publish my testimonial."—Mrs. E. F. Kinsman, Box 18, Cokesbury, Fla.

Wakefield, Neb.—"I felt sick all over and did not know what to do with myself. I was irregular and had chills and night sweats, would vomit at that time. I suffered in this way for many years and had medicine from two doctors but they did me no good and so I lost faith in them. Finally my husband got tired of seeing me suffer so he got me a bottle of Lydia E. Pinkham's Vegetable Compound. I started to help me right away, then I got Lydia E. Pinkham's Vegetable Compound. I have told several ladies about your medicine and you can use my testimonial."—Mrs. J. M. L. Smith, Box 18, Cokesbury, Fla.

**THE TIME TO BUY THEM**

**Mrs. Smith Entertained**

The Frankfort State Journal had this of interest here: social activities during the week centered around Mrs. F. Lee Rowland, of St. Louis, and Mrs. Murray Smith of Richmond, guests of Mrs. Cecil Farmer and Mrs. R. H. Clemmer, of Waynesboro, Va., who is visiting her parents, Mr. and Mrs. Eugene E. Hoge. Mrs. Farmer inaugurated the affairs in honor of her company at the bridge party at which there were several tables of players, the top score having been made by Mrs. Sam Mason. Tulips and purple flags were used with artistic effect in the rooms and hall and lilies of the valley decked the small tables at which the guests were seated for the two-course luncheon served at the conclusion of the game. Mrs. W. C. Hanna, of Shelbyville, was the out-of-town guest. Mrs. Weisger Lindsey gave a theater party for Mrs. Farmer and her guests, entertaining besides them Mrs. Ann Montgomery Schoolfield and Mrs. J. W. Pruett. Another bridge party was given for the guests, by Mrs. J. Will Pruett.

**Broadus—Langan**

The many friends at the bride and groom whom we may say are numbered by their acquaintances, join together in wishing them a long, happy and useful life.

Eastern Couple Wedded in Virginia—Groom a Graduate of Columbia University.

They are now living at the Institution. Baker is probably, exceeding Miss Helen Keller, one of the most remarkable blind persons in the world. Blind since he was twelve years old, he studied and was graduated with honors from Columbia university.

Baker was one of the few blind men to be sent overseas during the war. It was at a dance last fall at Evergreen that the former Miss Prince, who was engaged in vocational work, met Baker. It was a case of "love at first sight."

## FIGHT BOLO DUEL AT MANILA

Two Filipinos Settle Feud with Favorite Weapon—One Loses Hand.

Manila.—Two Filipinos have just fought with bolos the first duel in Manila since the beginning of the American occupation.

One of them suffered the loss of his left hand in the fight.

Angel Umali and Tranquillino Paglinawan met with seconds and friends in a vacant lot near the center of the city just before dusk to settle their feud with the favorite native weapon. Umali forced the fight and soon landed a blow that severed his adversary's left hand. Paglinawan fought on and Umali, despite his victory, took to his heels but was caught.

Paglinawan was taken to a hospital, where he has since been in a critical condition. As there is no law against dueling in the Philippines Umali will be prosecuted on a minor charge.

## EXHUME MARINES IN FRANCE

Navy Department Prepares to Send Bodies of Yank Heroes to United States.

There are now 200 flag-draped coffins at Brest awaiting shipment to the United States, and the first shipment will be made late in April. There are about 600 American navy men in this category buried in France, mostly at base ports, and of these 400 will be sent to America.

Relatives of the remainder have expressed a desire that their dead be left in France. More than 6,000 marines died in the battle zones and these will be exhumed by navy units next November.

### Y. M. C. A. ACTIVE TO ATTEND CONTESTS

Fiddlers' Contest And Special Entertainment To Create An Expense Fund

Prof. G. D. Smith, of the department of Science at the Eastern Kentucky Normal School expects to be able to report in the near future that there will be a big representation from the institution at the annual contests to be held at Blue Ridge, N. C., during the summer and fall. The students of the Y. M. C. A. are working with might and main, preparing for the contests since it is known that a number will go, and the funds for this trip will be realized through the Old Fiddler's contest to be given on May 28. This event which is now officially announced will be one of marked interest. There will be many of the noted violinists and old time fiddlers of the state in the contest and plans are being made for the entertainment of a large number. Last year, when this event was given, the capacity of the auditorium was taxed to its utmost, and this year the capacity has been greatly increased, however it is believed that there will be such an attendance that every seat will be occupied. There will be present, according to Prof. Smith, a number of those who competed last year for the honors and a big list of rewards is to be offered this year to the winners. Plans are even being made for the accommodation of the many who will come by machine, and special parking arrangements will be made in order that all can be accommodated.

The member of the Y. M. C. A. of the E. K. N. S., are preparing for their play to be presented on Tuesday night of next by the "Merry Makers of Lexington." The event is being looked forward to with much interest since a large number are to participate and the attraction promises to excel all previous ones in point of entertainment. The proceeds are to go towards paying the expenses of a number of students to the annual conference and contests to be held at Blue Ridge, N. C. The Y. W. C. A. sent a number of students last year and it is the intention to have a greater number present this year. Some of them it is expected, will remain in the east throughout the summer, as was the case last year. The work of the students Y. W. C. A. is attracting wide attention and it is becoming more extensive each year. There is a class of persistent workers among the girls and young women and their efforts in the interest of the cause contribute largely to its success.

ITS free. Don't miss it. Col
